## STATE OF THE UNION

The Congressional elections offer the means by which the American people can call for a change in any national policies which they find unsatisfactory.

Congress, which under the Constitution enacts the laws, controls the taxes, and appropriates the money for the rest of the government, is the policy-making agent of the voters.

On this line of reasoning, the issues of the present campaign reduce themselves to a very simple matter.

If you are satisfied with conditions in the United States, vote to continue the Democratic Party in power—vote for the Democratic candidate for Congress in your district.

But, if you are not satisfied, vote for a change by supporting your district's Republican candidate for Congress.

It's as simple as that.

Obviously, the next question is: What is the "state of the union"—are conditions in the United States good or bad?

Let's have a look at the principal subjects.

**FOOD**—Critical scarcities in meat, cooking fats, sugar. Meat riots have occurred. Lucky patrons stand in line long hours and get what meat appears; those not so lucky do without or hunt the black market. Many other lines of food uncertain.

**RATIONING**—Has been seriously recommended as means of equalizing distribution; government prefers to avoid it and keep on pretending "conditions will be better soon."

**HOUSING**—The program of which the President was so proud when it was enacted has been a dismal failure. Few veterans have been able to get satisfactory residences. Raw materials have almost vanished from legitimate markets. Red tape makes use of balance difficult. Constant rumors circulate of vast black market in building supplies. No improvement in sight.

## To Sentence Black For Murder of Bucks Countian

Pleading guilty to the cold-blooded murder of Joseph Wicen, a 31-year-old resident of Bucks County, Allen W. Black, 28, of Phoenixville, is to be sentenced by Judge Harold G. Knight on Thursday. Sentence will be pronounced in Montgomery Co. Court. Black entered his guilty plea at Norristown yesterday, the murder having been committed on July 7th.

Although no testimony was given yesterday, Black, father of two children, had previously admitted to police that he shot Wicen six times in the head, then buried his body in a shallow grave on a dump near East Texas, eight miles from Allentown.

Arrested two days later for the theft of the murder pistol from his brother-in-law, Watson McNally, of Evansburg, Black, ex-convict and former Merchant Marine seaman, led police to Wicen's body.

A short time before the murder, Black stole the pistol from his brother-in-law's home. When Wicen topped his automobile for a traffic light on Welsh road opposite Willow Grove Park, Black ran from hiding and leaped into the seat beside the driver.

Black said he forced Wicen to drive to a lonely section near Collegeville where he took the man's wallet containing \$55, then shot Wicen as the former soldier begged for his life. Black, according to police, said he shot Wicen once through the head, then emptied the pistol into the man's skull "to put him out of his misery."

Two days later Black was picked up in Phoenixville for the gun theft. At that time he was driving Wicen's automobile. He soon had confessed to the murder.

Black, police said, admitted that he intended at first only to rob Wicen, but decided to murder the man because he realized that his arrest was inevitable if Wicen lived.

Cox; r. s. to n. g., Fred Burkhalter; l. s. to n. g., Harold Dassenburg; warden, Bruce Herd; r. s. to v. g., Thomas Andrew; l. s. to v. g., Foster Bates.

The Eastern District (Bucks Co.) meeting of I. O. O. F. is scheduled for Friday evening in the headquarters of Neshamony Lodge here.

## TROPICAL HURRICANE DIMINISHING FORCE

Storm Crosses Florida Swiftly and Heads Toward the Atlantic Ocean

DAMAGE IS SMALL

By James Russell  
(I. N. S. Staff Correspondent)  
MIAMI, Fla., Oct. 8—(INS)—A tropical hurricane that skirted along the west coast of Florida last night, later moving over the central peninsula, was diminishing in force today as it crossed the state at a fast clip and headed toward the Atlantic Ocean.

Leaving little known damage in its wake, the storm continued its northeasterly direction with indications it would sweep out to sea shortly after daybreak and strike northward toward Charleston, S. C.

Storm warnings were hoisted north to Block Island. The once-devastating winds lost their 100-mile-an-hour fury as they crossed the Florida west coast in the Tampa Bay area and moved diagonally across the state over the rich citrus belt of the central peninsula.

No immediate estimate of damage to the record multi-million-dollar citrus crop was made.

The Miami weather bureau's 4:30 a. m. (EST) advisory said the storm, last located 40 miles west of Daytona Beach, would leave the eastern mainland between Jacksonville and St. Augustine during the morning. Weather forecasters said winds of gale force are expected to extend as far north as Charleston, but that hurricane force gusts probably would strike no farther than the Jacksonville area.

## MISS LARZELERE HURT

A young Bristol township woman was one of five injured on Sunday when two automobiles collided on Mt. Holly-Burlington, N. J., highway. Those treated at Burlington Co. Hospital are: Miss S. Alberta Larzelere, Beaver Dam Road, Bristol Township, one of the drivers; Lillian Maliszewski, 24, and Eleanor Wyzyak, 23, Trenton, N. J.; Clarence Robinson, 25, and William L. Johnson, 23, both of Bordentown, N. J., the latter driver of the second machine. Robinson was arrested, and charged with assault and battery, and reckless driving.

**WOMEN OF MOOSE**  
Bristol Chapter, 763, Women of the Moose, will conduct a meeting in the Moose home at eight o'clock this evening.

## ELKS HELP ARMY RECRUITING

Newly elected Grand Exalted Ruler Charles E. Broughton, of the BFO Elks (left) warmly endorses the program adopted by the 800,000 members of 1450 Elks lodges to aid the U. S. Army in its new recruiting drive, as reported to him by Judge James T. Hallinan (right), chairman of the order's National Veterans Service Commission.

## BRISTOL ELKS TO AID RECRUITING

Committee of Bristol Lodge Named to Contact Those Desiring Information

LIST THE COMMITTEE

Bristol Lodge of Elks, acting upon the suggestion of the Grand Lodge, is going to aid and assist in recruiting the youth of this area to build the new postwar regular army.

It is the intention of Bristol Elks in co-operation with the U. S. Army Recruiting Service, to encourage men to enlist by contacting them and acquainting them with what the regular army offers. The Bristol Lodge has set a goal of one recruit for every 100 members of the lodge. Those who are interested are asked to contact any member of the Elks or the following members of the committee: John Johnson, chairman; Russell Urruh, Francis Wear, Joseph Norton and Henry Morgan. A recruiting officer will be at the Bristol post office building daily all of this week.

It is the plan of the Elks to acquaint men with the inducements now offered by the army and to encourage men to enlist.

Here are some of the advantages offered today by the new peacetime regular army:

The new regular army offers more in security, opportunity, and real income than the average wage-earner job in civilian life.

The best pay scale in the history of the Army, 20% extra pay for overseas service, increase of 5% base pay for each three years of service, dependents will receive family allowances during the emergency plus six months, thirty days' furlough time for each year at full pay, privilege of benefits of National Service Life Insurance, free medical and dental care, free food, quarters and clothing.

Every man who enlists in the regular army for a three-year period has his choice of service with

## Surprise Miss Pollak At Gift Shower Here

A surprise miscellaneous shower was given for Miss Dorothy Pollak, Cleveland street, on Thursday evening, by her attendants-to-be, Miss Ada Fanini, Cleveland street, Mrs. Thomas Caputo, Beaver street, and Mrs. Louis Pica, of Grand avenue.

The shower was held in a cafe on Wood street. The room was decorated in pink and white. A chicken platter was served to the invited guests: the Misses Mary O'Donnell, Ruth Gelnett, Jennie and Lillian Laitaniz, Angelina Petrizzi, Dorothy Coles, Evelyn Remetta, Lee and Josephine Pica, Helen Liberty, Letitia Chialla, Rose Balochi, Carmella Colletta; Mrs. Ettore Bagnarelli, Mrs. James Fanini, Mrs. Louis Bagnarelli, Mrs. Alfred Magro, Mrs. Thomas Goslino, Mrs. William Measey, Mrs. Alfred Krusen, Mrs. John Tazik, Mrs. Mary Pollak, Mrs. Wallace Carnavale, Mrs. Mario Pica.

## COLLISION IN NEWTOWN

A coal truck driven by William J. Batchus, Mahanoy City, collided with a light delivery truck driven by William F. Wendig, 3rd, Richboro, at the intersection of Court and Penn streets, Newtown. The Wendig truck was damaged to the extent of \$200.

## Arrest Two Girls for False Fire Alarm

Two girls of juvenile age were taken into custody by the authorities last night when they refused to answer satisfactorily questions concerning the pulling of a false alarm of fire from box 12, Mill and Radcliffe streets.

The alarm was sounded shortly before midnight and when the firemen responded two young girls were seen running away. They were apprehended but, it is said, declined to give satisfactory answers to questions.

The two are residents of Croydon and they were taken into custody. Their parents were notified and the girls have been questioned by Chief of Police Jones. They will probably be held for juvenile court.

## TO SURVEY 3 STREETS WITHIN NEXT MONTH

Ordinance of Acceptance For Hulmeville Thoroughfare Then To Be Drawn

## SPEEDING IS DISCUSSED

HULMEVILLE, Oct. 8—Hulmeville borough council was informed by a member of the highway committee, George Bilger, last evening, that the surveyor engaged by council plans to have three streets here surveyed before the next meeting of the councilmanic body. The streets in question are Reetz, Ford and Lincoln avenues. As soon as surveys are completed, council was further informed, the borough solicitor will have releases drawn up and ordinance covering acceptance of the streets placed in readiness for passage.

The October session was presided over by Samuel J. Illick, others present being: George Bilger, Raymond VanArtsdalen, Ned Moyer, Fred Bunting and Edward Vansant. The secretary, Frank Forker, was in charge of records.

A street light which was recently removed from Reetz avenue council has ordered replaced, it was stated. This light, councilmen were informed, had been ordered removed in 1939 by the councilmanic group serving at that time. The light was not taken out by Philadelphia Electric Co. until a few months ago. Upon checking with the Electric Company the present council group learned of the action taken seven years ago and ordered the light replaced.

## THE GREAT GAME OF POLITICS

By FRANK R. KENT

## The Douglas Publicity

Washington, Oct. 8. LAST spring, when Supreme Court Justice Robert H. Jackson let go his blast at his colleague, Justice Hugo Black, the result was an exposure of a court condition that shocked a good many people in all parts of the country.

CONCEDING that Mr. Jackson had great provocation and that there was considerable substance to his charges of unethical practices, the question of whether he had done more harm than good in making public the internal troubles of the Supreme Bench was debatable. Upon one thing, however, there was general agreement—to wit, that the big problem of the new Chief Justice, Mr. Vinson, was to end the feuding on the court, restore harmony among the brethren, recover its traditional dignity and decorum without which it does not merit—and cannot get—the respect of either the bar or the people.

THERE is no evidence that the Chief Justice has not made progress along these lines and there is no evidence that he has. Mr. Jackson has returned from Nuernberg, where he should never have been asked to go, but the court is in recess and the relations between him and Mr. Black obviously will permit both to remain on the bench without flying at each other's throat. At any rate, neither appears to have the remotest idea of resigning. In the course of time, the Chief

## JEWS CONTRIBUTE \$5,500 TO AID RACE

Members of Avath Achim Congregation Subscribe To Fund For Relief

## APPEAL BY MR. DRIES

A fund totaling \$5,500 was contributed by members of the Avath Achim Congregation of Bristol to be used for the relief of Jews in Europe. The contributions followed an appeal by Louis Dries, president of the Congregation, at services held Friday evening.

The chairman of the money raising campaign is Charles Richman, and Dr. Max Seigel is serving as treasurer. A committee is making a special effort to contact every Jewish resident of Bristol and vicinity in soliciting aid in augmenting the fund.

Mr. Dries in addressing his appeal to the Congregation Friday evening said: "Friends for several years I have had the honor and privilege to be your speaker on this Holy Night, Yom Kippur. . . . We are living in a world in which hunger, homelessness and poverty threaten to undermine everything for which we fought and sacrificed during the war years. It is high time that we in America understand this. We must realize that peace and human welfare are not the

## PHYSICIAN NAMES HIS SON AS THE CHIEF BENEFICIARY

Estate of Thomas B. Jordon, Ivyland, Listed At \$11,000

## PORTRAIT IS LISTED

Hannah E. Rockel Inherits Real Estate From Her Father

DOYLESTOWN, Oct. 8—A physician who died on September 2nd, named a step-son chief beneficiary of his estate. The estate, that of Thomas B. L. Jordon, late of Ivyland, is listed at \$11,000, this being divided \$3500 personal estate, and \$7500 real estate.

Addison C. Raws, Keswick Grove, N. J., was bequeathed a crayon portrait of the testator's wife, Mary F. Jordon. A step-son, John D. Hawley, was bequeathed the testator's clothing and jewelry. He was also bequeathed a house at Townsend's Inlet, Cape May County, N. J., and bequeathed an income from a trust fund created by the testator. The will was executed August 8 and the testator died Sept. 2. Real estate consists of an Ivyland property valued at \$4500 and one-half interest in an Upper Gwynedd township property valued at \$3,000.

In a holographic will, Chalmers J. Odon, Warwick township, the widow, Bertha L. Odon, Warminster, was named the beneficiary. The will was written November 3, 1939, and the testator died August 24th, leaving a personal estate of \$590.

A daughter, Hannah E. Rockel, 324 Washington street, Bristol, will inherit the \$7500 real estate holdings of William M. Rockel, Bristol. The real estate consists of one-half interest in 324 Washington street and 218 Harrison street, Bristol. The will was executed September 7, 1942, and the testator died August 11th.

Fred Poellner, Jr., Nockamixon township, who left real estate holdings valued at \$2,000 and upwards, named his widow, Margaret Poellner, Ottsville, the beneficiary. The will was written January 27, 1906, and both witnesses, Asher K. Anders and Paul Poellner, are deceased. The testator died September 3rd.

A sister-in-law, Anna M. Hoffman, was named the beneficiary in the will of Mary A. Hoffman, Plumstead township. The testatrix died June 26 and the will was executed June 26, 1943.

## Shower of Stars To Fall This Week

CAMBRIDGE, Mass., Oct. 8—Harvard astronomers set their telescopes today in anticipation of a heavenly fireworks display due to start tonight in the form of thousands of falling meteors.

The university observatory said that the display would be "one of the largest in astronomical history" and would extend through Thursday.

Easterlies, the observatory added, would probably get their clearest view of the phenomena about 10 p. m. on Wednesday, while other parts of the United States would see the display if it lasts three or more hours.

With good weather, the scientists said, the "shooting stars" should be in view without the aid of instruments.

The observatory said that the display would be caused by the nearness of the earth to the orbit of the comet Giacobini-Zinner, with a proximity during the three-day period of 131,000 miles, as compared with the 238,000-mile distance to the moon.

## Civilian Air Patrol To Stage Exhibition

The Civilian Air Patrol, Army Air Force, which was to have staged a show at the Somerset Airport last Sunday, announces that the date was changed to October 27th, when the exhibition will be held at the Northeast Airport in Philadelphia.

Mayor Bernard Samuels of Philadelphia has granted the use of the Northeast Airport so as to aid and advance the interest in aviation.

There will be contests, display of airplanes and aviation exhibition.

## CHRISTENING

Mr. and Mrs. Louis Fioravanti, of Lafayette street, had their infant son, Christian Robert, christened on Sunday in St. Ann's Church. Sponsors were Rose Sottile and Robert Arbuthnot.

## RESIGNS POST

The Rev. Albert W. Eastburn, who was named as a member of Selective Service Board, No. 1 (Bristol), on September 1st, resigned from that post effective October 1st, it is announced.

## A SUMMARY OF THE NEWS

New York—The New York Journal-American said today the Justice Department has demanded that 11 visiting Russians "register as agents of a foreign power."

The demand, the paper said, is an "unprecedented move to smoke out Soviet propagandists who come here as delegates or tourists."

The newspaper said the order warned of "possible legal proceedings" for failure to obey. It was directed against six "distinguished" Russian delegates to the recent third American Slav Congress and five members of the Ukrainian Cultural Delegation to the Congress.

London—Reuters reported today from Nuernberg that a prison official has disclosed former reichsmarshal Hermann Goering has broken down and is crying in his cell.

Washington—The constitutionality of the Federal Anti-Lobbying Act was under fire today amid indications that an attempt will be made to invalidate it. The committee for constitutional government challenged Congress' right to compel it to file reports showing receipts and expenditures of money used to influence the passage or defeat of legislation.

London—The retiring British governor of India's central provinces arrived today in London and estimated the casualties in the recent Calcutta religious riots at more than 40,000. Sir Henry Twynam said, "at least four thousand dead were counted in the street and I believe more than that number were thrown into the Hoogly River."

### GARRULOUS SHAKESPEARE

Dr. William Strunk, professor  
emeritus of English at Cornell  
University, who died recently, be-  
came convinced after an experi-  
ence with the filming of Shake-  
speare in Hollywood, that the mo-  
tion picture was a good medium  
for the Bard because all the dra-  
matic dialogue could be retained  
and action could be substituted  
for the less dramatic passages. He  
served as literary consultant in  
1935 for the Hollywood produc-  
tion of Romeo and Juliet.

Dr. Strunk went to Hollywood  
with deep misgivings about the  
ability of Hollywood to do right  
by Shakespeare. It would be re-  
dundant to say that the producers  
had their anxieties concerning Dr.  
Strunk. But they learned that  
they had not made a mistake in  
taking on the Cornell professor,  
when they cautiously introduced  
the subject of cutting down on  
some of the Bard's speeches.

"Shakespeare," said Dr.  
Strunk, "never said anything in  
six lines that could be said in 24."

### WSB'S FUTURE

President Truman's statement  
that the Wage Stabilization Board  
"will continue to administer the  
wage stabilization program"  
sounds like whistling in the dark,  
considering the damage done to  
that program by the shipping  
strike. It is nevertheless signifi-  
cant, for it means that the ad-  
ministration still hopes to keep some  
type of control over wages.

But the statement must be  
placed against its background.  
First it was announced that the  
advisory board of the Office of  
War Mobilization and Reconver-  
sion would undertake a study of  
the wage stabilization program.  
This move was taken to mean, in  
some quarters, that the board was  
on the way out. The President's  
obvious purpose was to deny that  
there is any basis for such specu-  
lation.

All the same, it is clear that  
the wage stabilization program  
has suffered a body blow. If the  
board is to be retained it will be  
necessary to give it something  
new to administer and it will have  
to be subjected to some kind of  
surgery to repair its lost prestige.  
Otherwise it will be subject to the  
suspicion that it will be by-passed  
again as soon as labor exerts the  
necessary pressure. Consequently  
it is certain that the pressure  
would be forthcoming unless  
measures are taken to discourage  
it.

## STATE OF THE UNION

Continued from Page One

**AUTOMOBILES**—Crippled by obscure strikes in  
"parts" after the big motor, steel and coal tie-ups, the  
output of new cars is still much lower than the wearing  
out of old ones. Parts for repairs become harder and  
harder to find.

**ELECTRICAL APPLIANCES**—Still in small and  
spotty supply, with immense price raises in certain lines.  
**CLOTHING**—Market in a muddle. Some items  
not to be found; others a drug on the market. Prices and  
supply both in confusion.

**PRICES**—Continue to rise, with OPA retreating  
in all except a few points such as meat.

**WAGE-PRICE FORMULA**—Dead as a herring  
since the White House overruled the WLB on the mar-  
itime strike. No one knows where we stand, or what new  
scheme will be brought forward.

**LABOR OUTLOOK**—Decidedly bad. Unions now  
are in competition with each other to see which can get  
biggest concessions in wages, and each boost helps speed  
up inflation. Government is incompetent to protect  
rights of public against radical labor groups. New strike  
crisis rapidly approaching.

**NATIONAL FINANCES**—In critical shape, and  
growing worse. Budget-balancing promised by President  
is mere sleight-of-hand. The government really is spend-  
ing several billions of dollars more than tax receipts, and  
total public debt is growing.

**LAW AND ORDER**—The Supreme Court, created  
to protect citizens' rights, is up to its neck in politics. It  
has been largely by-passed by the bureaucrats, and has  
lost its own standing with the public by reason of "family  
squabbles."

**COMMUNISM**—Being preached daily, under thin  
disguises, by those high in government or other public  
position. Upwards of 75,000 known Communists work-  
ing on the Federal payroll. G. Edgar Hoover, head of  
FBI, has publicly warned about "diabolical plots" of the  
Communists.

**PAC**—Continues with its brazen scheme to take  
over the Democratic Party, the National Congress (it al-  
ready controls the President) and the assets of the Ameri-  
can people and use them for the benefit of Russia instead  
of the United States. Small clique of known Communist-  
sympathizers at top of PAC has tight grip on millions of  
CIO union members, who dare not complain for fear of  
losing their jobs.

**UNEMPLOYMENT**—Low, but only for artificial  
reasons. Billions of dollars are being spent to keep non-  
producers in well-paid, phony jobs—2,000,000 or so un-  
needed "workers" on the Federal payroll, millions of oth-  
ers in tax-supported factories still technically undergoing  
"reconversion". Per-man production never was lower.

**PUBLIC MORALE**—At low tide. Discourage-  
ment is prominent among American people, and the gov-  
ernment itself is revealed as aimless, incompetent, corrupt  
in many lines, wholly inefficient.

### The Great Game of Politics

Continued from Page One

Justice may evolve a smooth work-  
ing arrangement for all the belliger-  
ents, of which the Messrs. Jackson  
and Black are only two.

—O—  
HOWEVER, in one direction cer-  
tainly no progress has been made  
at all. This is toward eliminating  
or lessening the public advertising  
of members of the court as candi-  
dates for political office. Many be-  
lieve that this promotion of indi-  
vidual justices for nomination for  
the presidency or vice presidency,  
which has been more or less inter-  
mittently continued during the past  
six years, has done more to cheapen  
the court as a whole than anything  
else. For one thing, it strikes di-  
rectly at the traditional aloofness  
of the Supreme Bench from poli-  
tics. For another, it detracts from  
the nonpartisan character of the  
court.

—O—  
LARGELY, this political promotion  
is centered around one man—Justi-  
ce William O. Douglas, though  
quite recently some silly publicity  
has been given Chief Justice Vin-  
son for the 1948 presidential nomi-  
nation. However, for nearly eight  
years now, or ever since he was  
named by Mr. Roosevelt, Justice  
Douglas has been boomed first for  
one of these positions, then for  
the other. He has had a vast amount  
of publicity along these lines.  
Whenever there is any speculation  
about candidates, his radical friends  
push forward his name.

—O—  
IN BOTH the 1940 and 1944 Demo-  
cratic conventions it was much  
discussed for Vice President. And  
now, in 1946, the Douglas for Presi-  
dential publicity has broken out again  
in a big way. A short time ago two  
national radio broadcasters dealt  
with the subject on the same night.  
One declared that Chairman Han-  
negan's real choice for 1948 is Mr.  
Douglas; the other asserted that  
the CIO and "liberal elements" now  
prefer Douglas to Wallace. Comments  
of a similar nature have appeared  
recently in a number of papers.  
The latest came last Sunday  
when a radio commentator declared  
that while Mr. Douglas did not  
want to run, the movement for  
him was so strong he would have  
to. When seven years ago this  
Douglas political publicity first  
started, the judicial colleagues of  
Mr. Douglas earnestly deplored it  
and were disposed to put the blame  
partly on the politicians and partly  
on the press.

—O—  
AT THAT time their belief was that  
this publicity was even more dis-  
tasteful to Mr. Douglas than it was  
to them—but that there was nothing  
he could do about it. Long ago  
that idea was dropped. At least  
one of the justices who used to  
defend him has come to the conclu-

sion, held by most informed report-  
ers, that so far from not liking this  
publicity Justice Douglas likes it  
very much—even, it has been sug-  
gested, encourages it. Certainly, he  
has taken no real step to discourage  
it. As things are now, it is clear  
that between now and the 1948 con-  
vention there will be a lot more of  
this Douglas for President or Vice  
President publicity. Apparently, it  
is just getting started.

—O—  
THERE is no prospect whatever  
of Mr. Douglas being nominated.  
His friends are all among the ex-  
treme left-wing element. He has no  
political assets. The only chance he  
ever had in a Democratic conven-  
tion was if Mr. Roosevelt, who was  
his friend, had insisted on him as  
his running mate. All Mr. Roose-  
velt did after he ditched Mr. Wal-  
lace in 1944, was to list Mr. Douglas  
as one who would be acceptable to  
him. Nothing can come of the  
present publicity except to convey  
to the people the idea that there  
are men on the court who are  
politically ambitious and want to  
get off—and that its aloofness from  
politics is a joke.

—O—  
NO ONE would contend that that  
increases respect for, or enhances  
the dignity of, the court. Consider-  
ing these things, it does seem as  
if Chief Justice Vinson, by convinc-  
ing Mr. Douglas that this Douglas  
publicity does him no good and  
the court some harm, can induce  
Mr. Douglas more effectively to  
discourage the activities of his  
friends, he will have performed a  
useful service. No one thinks that  
the recent suggestion of himself as  
a presidential aspirant came di-  
rectly or indirectly from Mr. Vin-  
son. Nevertheless, some formula  
should be found to make this kind  
of unbiased political speculation  
about the court unprofitable. It is  
distinctly damaging.

William J. Rickey, Morrisville,  
who left a personal estate of \$100  
and real estate valued at \$4500,  
named his widow the heir. The testator,  
who died August 15, executed his  
will January 27, 1937. Joseph E.  
Mayon and Lillian Morris, 488 Hill-  
side avenue, Morrisville, are the  
heirs.

Clara E. Carr, Solebury township,  
who left a personal estate of \$10,000,  
bequeathed one-half of the residuary  
estate to a sister, Ellen T. Rand,  
and one-half to a niece, Clara A.  
Harmer, this place. The testatrix  
died September 5 and executed her  
will August 22, 1945.

Letters of administration were  
granted in the estate of Permelia H.

Conrad, Newtown, to Marian C.  
Beans, 200 South State street, New-  
town, amounting to real estate of  
\$6500 and a personal estate of  
\$1,000. The house, furniture and  
dishes were bequeathed to Marian  
C. Beans with the stipulation that  
two sons, Harold and Alfred, re-  
ceive them after her decease. The  
will, a holographic one, was written  
October 19, 1944, but no executor  
was named and hence letters were  
granted.

In the estate of Horace G. Con-  
rad, Newtown, letters of adminis-  
tration were granted to Marian C.  
Beans, 200 South State street, New-  
town, amounting to a personal  
estate of \$2,000 and a real interest  
in a house and lot at 200 South State  
street, Newtown. The heirs are a  
son, Harold; a daughter, Marian,  
and a son, Alfred M. Conrad.

Dorothy Pollard, 1735 Ashland  
avenue, Baltimore, was granted  
letters of administration in the es-  
tate of William H. Pollard, Doyle-  
town township, amounting to \$160.  
Beneficiaries are the widow, a son,  
William, and a son, James M. Pol-  
lard. The decedent died Sept. 2nd.  
Mrs. Carrie M. Beer, Perkasie,  
RD 2, was granted the letters of ad-  
ministration in the estate of Wil-  
liam H. Beer, Bedminster township,  
amounting to a personal estate of  
\$9,000. The beneficiaries include the  
widow, and following children: Mrs.  
Sarah E. Hess, Bedminster; Mrs.  
Virginia M. Bishop, Sellersville;  
William H. Beer, Jr., Bedminster;  
Mrs. Florence S. DeWeller, Perka-

### \$1,000,000 Worth of Pens Being Flown To India

CHICAGO, Oct. 8.—World's record  
air shipment of \$1,000,000 worth of  
ball pens left La Guardia Field Sun-  
day in a specially chartered British  
Overseas Airways liner for Karachi,  
India.

Franklin Lamb, president of the  
Reynolds Pen Company, who made  
the announcement, said that this  
100,000 pen cargo—a part of an  
order for 1,000,000 pens—was to be  
distributed in India in much the  
same fashion that the Reynolds  
Pens are distributed in the United  
States.

Ralli Brothers, a British import  
firm, who made the purchase and  
chartered the plane, have one of the  
largest distributing groups in the  
Middle East.

"Shipping huge quantities of pens  
to foreign markets at a time when  
domestic demand is so overwhelming  
may sound queer, but in order to  
maintain world wide leadership in  
the ball pen business, it is necessary  
to supply the Christmas demands  
abroad as well as at home," Lamb  
said.

The order will be an all-air ship-  
ment, a Flying Tigers cargo plane  
having been chartered from Chicago  
to New York, where transfer will  
be made at La Guardia Field to the  
British carrier.

property of privileged nations but  
of all nations. We are standing in  
the shadow of the greatest tragedy  
ever perpetrated in all the recorded  
history of the world.

"From the very dawn of human  
life, through the mists of the stone  
age and the period of the cave man,  
through the beginning of civiliza-  
tion, through the whole course of  
time down to this very day, never  
was there committed any other  
crime so cruel, wicked or of such  
extraordinary greatness, as the re-  
cent murder of over five million of  
the Jews of Europe."

Continuing, Mr. Dries told his  
listeners: "Our immediate duty is  
not to the dead but to the living,  
and that brings us to the purpose  
of the present campaign. It is the  
cause and the needs of the living  
that need to be presented to us. For  
there are survivors saved by mere  
chance from this dreadful holocaust,  
men, women and children, who have  
gone through all the hell of it, pitifully  
circumstances, homeless,  
crushed, bewildered, agonized by  
the loss of their dear ones herded  
together in impossible surround-  
ings, haunted by that anguished cry,  
that age-long cry of the Jew,  
"Where can we go?"

Then concluding his appeal Mr.  
Dries stated: "With hearts filled  
with sorrow for the dead, with pity  
for the living, with thankfulness for  
the fate that has prospered us in  
this free and generous land, we will  
come forward, each and every one,  
and lay our sacrifice willingly and  
gladly upon the altar of our people  
and our God."

The response was immediate and  
generous on the part of those  
present.

## HULMEVILLE

Three individuals were confirmed  
at the Sunday morning service in  
Grace Episcopal Church, the Rt.  
Rev. Oliver J. Hart, bishop of the  
Diocese of Pennsylvania, officiating.  
Those confirmed: Dorothy Doerla  
Cynthia Maret of Hulmeville; and  
John W. Abrams, of Edgely. Re-  
ceived into membership of the  
church was Mrs. William Collins.  
Last evening a parish supper was  
served in the church parish room  
by the women of the church, with  
evening prayer following. Sermon  
was delivered by Bishop Hart. The  
program today included Holy Com-  
munion this morning, with service  
tonight at eight. The rector is the  
Rev. Oliver Newton.

Dr. John Walker left today for  
Harrisburg, where he will be in at-  
tendance from Wednesday until  
Friday at sessions of the annual  
convention of the Penna. State Vet-  
erinary Medical Association. A  
Sunday guest of Dr. and Mrs. Wal-  
ker was the latter's sister, Miss Ann  
Bacon, of Philadelphia.

Announcement is made by Mr.  
and Mrs. John Odgers, Sr., of Mid-  
dletown Township, of the engage-  
ment of their daughter, Miss Jean  
Douglass Odgers, to Madison L.  
Day, Jr., son of Mr. and Mrs. Mad-  
ison L. Day, of Langhorne R. D. 2.  
The wedding date has not been set.  
Arthur Linsinbier is a patient  
in Abington Hospital.

Neshaminy Methodist Church  
choir will conduct a covered dish  
supper on Wednesday evening, Oc-  
tober 23rd, at 6:30 p. m., in Epworth  
Hall of the church. The affair will  
benefit the organ fund, and mem-  
bers and friends of the church are  
invited.

# Your HOME is Your OWN

MARION CLYDE McCARROLL

If yours is one of the millions of families eagerly waiting for the moment when you can move to a new house, or redecorate the old one; and if you want to have a thoroughly good time doing the job of making that house into a home that will be both beautiful and comfortable, then Dan Cooper's book titled "Inside Your Home" is just what you're looking for.

Expert and authoritative designer that he is, Mr. Cooper most definitely does not belong to the school of thought which looks down its nose at the average person whose only equipment for practicing the art of interior decoration is that he "knows what he likes." On the contrary, he is heartily in favor of acting on just this principle, being of the belief that average people have "a sure instinct for the beautiful;" that they have "plenty of commonsense and should learn to trust it."

Hence, if they are given a few fundamental pointers, there is no reason, he assures us, why they cannot go confidently ahead on

A Compact, Convenient and Most Unusual dining arrangement is this table which can be turned up into a niche at right when it is desired to clear room. Food is handed across counter from kitchen on other side.

their own "to achieve the comfort and beauty they want" in their own homes.

And so he has written this book "to encourage," as he says, "the homemakers to think for themselves;" to persuade them "to forget all about 'trends,'" and to plan their homes on the simple, sincere basis of what will make them most comfortable and happy. And in such planning, Mr. Cooper goes on to say, "The first thing to remember is to be yourself." In other words, his very practical idea is that your home is your own, and it should reflect the personality and the tastes of the people who are to live in it, not those of any outsider.

In passing on to his readers these fundamental pointers which will guide them in working out their problems of furnishing and decorating, this writer does so in an informal, breezy style, coupled with a sly humor, that makes the book as delightfully entertaining as it is

practically useful. Amusing anecdotes and gay little sketches are lavishly drawn upon to illustrate his points, as well as conventional photographs. And when you have finished reading, you'll find—and very likely much to your surprise—that concrete plans either for doing over your present house to bring it closer to your heart's desire or for bringing to life the rosy visions of that dream house you are going to live in some day, are taking form in your mind so that it will be a comparatively simple matter to put them into execution. Which will make Mr. Cooper very happy indeed, by demonstrating that he has accomplished what he set out to do, that being, "to show people how easy it should be to have their homes as they really want them."

Pictured here are a few of the sketches and photographs that so cheerfully illustrate "Inside Your Home."

## Quick Breads Give Variety To The Lunch Box

With the re-opening of school, the children's lunch boxes become a subject of major interest. Why not get off to a good start, by making the box lunches just as tempting as you would a meal at home? Vary them in every way possible. Of course, it's important to have the lunches nutritious, but it's equally important to see that they're appetizing.

One excellent way to give variety to a lunch is by using different kinds of bread for sandwiches. Homemade breads are especially delicious, and the quick varieties are easy to make. The two suggested below are unusually flavorful. Use a simple filling when you make these breads into sandwiches—such as softened butter, cream cheese or cottage cheese.

### Prune Bread

$\frac{1}{2}$  pound prunes  
1 cup sugar  
 $\frac{3}{4}$  cup (or 6 tablespoons) lard  
 $\frac{1}{2}$  teaspoon cinnamon  
 $\frac{1}{2}$  teaspoon cloves  
 $\frac{1}{4}$  teaspoon nutmeg  
 $\frac{1}{2}$  teaspoon salt  
2 cups sifted flour  
1 teaspoon soda  
1 egg

Soak prunes overnight. Save 1 cup of water in which they were soaked. Pit and chop prunes. Cook chopped prunes, liquid, sugar, lard, spices and salt for 5 minutes. Cool. Sift flour with soda. Add beaten egg and sifted dry ingredients to cooled mixture. Pour into greased loaf pan (5x9 inches) and bake in a moderate oven (350 degrees F.) for 1 hour. Makes 1 loaf. Double recipe for 2 loaves.

### Banana Bran Bread

$\frac{1}{2}$  cups sifted flour  
2 teaspoons baking powder  
 $\frac{1}{2}$  teaspoon salt  
 $\frac{1}{2}$  teaspoon soda  
 $\frac{1}{4}$  cup lard  
 $\frac{1}{2}$  cup sugar  
1 egg  
1 cup shredded bran  
 $\frac{1}{2}$  cups mashed bananas  
1 teaspoon vanilla extract  
 $\frac{1}{2}$  cup chopped nut meats.

Sift flour with baking powder, salt and soda. Cream lard and sugar thoroughly. Add egg and beat well. Add bran, bananas, and vanilla. Add sifted dry ingredients with nut meats, stirring only until flour disappears. Line bottom of loaf pan (5x9 inches) with waxed paper. Pour in batter and bake in a moderate oven (375 degrees F.) for 1 hour. Allow to cool before slicing. Makes 1 loaf.

## It's All Net Value In Can of Fish

There's no waste in a pound of fish that comes wrapped in a tin can. Every flake of it is edible—even the bones, which are softened in the canning process and add rich nutritive value.

But the "no waste" policy of the fish canneries does not end with the compact packing of the cans. The edible portions not suitable for canning become shredded fish-flakes or canned dog rations.

Fish meal is food for hogs, cattle and chickens. Cod liver oil, from fish livers formerly discarded, is a valuable medicine in the treatment

of disease causing malnutrition. What isn't used in these ways make good fertilizer; even clams and oyster shells find a use in poultry yards or in manufacturing processes.

The most recent experimentation in the fish bi-product field involves the making of fine leathers for shoes and belts out of fish skins.

## Recipe of The Month

Potato pancakes are an ideal dish to serve for a hearty breakfast, and especially appropriate now that we're economizing on wheat flour. Serve crisp bacon, plump brown sausage links or panbroiled slices of luncheon loaf alongside. Fried apples or applesauce may be the third member of a very satisfying trio.

### Potato Pancakes

2 cups grated raw potatoes  
2 eggs  
 $\frac{1}{2}$  teaspoon baking powder  
1 teaspoon salt  
1 tablespoon flour  
 $\frac{1}{4}$  cup lard or drippings.

Peel and grate about four medium potatoes. Measure. Combine all ingredients except lard. Drop by spoonfuls into hot lard or drippings. When brown, turn with pancake turner. Serves 4.

## AFL to Spike Plan for Labor-Farmer-Consumer Party

Chicago—American Federation of Labor leaders today moved to spike a plan to launch a new Labor-Farmer-Consumer political party similar to the British Labor Party.

As the AFL's 600 delegates assembled for the second day of their annual convention to receive a special message from President Truman, opposition leaders sought to block a resolution, sponsored by the New York State Federation of Labor, for a new party.

While strongly critical of the Truman Administration and its continuation of price, wage and other controls, AFL leaders said the time was not ripe for any new political move.

Meanwhile, film actor Robert Montgomery announced that the Screen Actors Guild voted in a secret ballot to continue work despite the strike of the AFL Conference of Studio Unions against Hollywood movie studios. Montgomery, president of the Guild, is in Chicago with nine other Guild officers seeking National AFL intervention in the 12-day jurisdictional dispute.

## Tropical Hurricane Diminishing Force

Continued from Page One

Moving at 25 to 30 miles an hour, the hurricane sped over Orlando, Lakeland and other portions of middle Florida with winds reaching as high as 70 miles per hour.

The gales whirled over large orchards of unharvested oranges and grapefruit, estimated to be the finest crop in several years and said to be valued at more than \$150,000,000.

Strangely, the storm left practically no known damage in the Tampa Bay area, which had expected to be lashed by the wildest of the hurricane winds.

The State Highway Patrol in Tampa reported no damage except for a few felled telephone poles believed to have been the result of a small twister within the storm.

Tampa and St. Petersburg re-

ported their roads in good shape and tides not too abnormal.

Miami weather bureau officials said the storm center apparently broke up as it passed over Tampa Bay.

Meteorologist Ernest Simpson commented:

"Tampa, by a queer quirk of fate, escaped the high winds headed her way. The tops in that area was 30 miles an hour.

"It is one of those unexplainable oddities of nature, because the inland districts reported winds as high as 70 miles around Orlando."

Highway patrolmen said no major damage was known in the Orlando section. Electric power was off for a short while, but no casual-

ties or serious damage were reported.

Fort Myers, south of Tampa and St. Petersburg, apparently was hit by the strongest winds. Gusts up to 80 miles an hour were reported there.

When the whirling winds bore down on the west coast shortly after midnight (EST), hurricane-wise residents were gathered in hotels, boarded up homes and in schools set up as emergency stations by the Red Cross.

Long-planned preparations had been taken in Tampa, St. Petersburg, Clearwater and Sarasota.

Orlando had also taken full precautionary measures, battening down for the anticipated onslaught.

## TIP ON YEAST BREADS

When making yeast breads or raised rolls with emergency flour, it is important not to let the dough raise too long or become too light. A safe rule is to let it double in bulk but no more.

Refrigerator dough made with this flour does not keep quite as well as that made with the regular white flour. It is best not to hold it more than about two days, depending on the coldness of the refrigerator.

To Survey 3 Streets Within Next Month

Continued from Page One  
The question of traffic control within the borough was again given considerable attention. Compliments of motorists speeding, particularly on Bellevue avenue, and on Main street in the vicinity of the public school; also of motorists driving through "stop" signs, particularly at the foot of Hulme street, were heard. The committee in charge was instructed to take steps to eliminate this hazard, arranging if at all possible to have an officer on duty at certain points at designated hours. Council decided to place an order for two movable warning standards to be placed at approaches to the school; also to arrange to secure stationary warning signs for the school approaches. The members decided to ask South Langhorne council to remove from the southern end of Bellevue avenue, South Langhorne, the "End of 25 Mile Speed Limit" sign, so that motorists might be refrained from increasing speed as they enter Hulmeville borough. "Twenty-Five-Mile Speed Limit" signs are to be placed at the entrances of this borough.

Report was made that Green street has been patched and some ditches cleaned. Instruction is to be given owners of certain lots, where complaints were entered, to have weeds cut. Sidewalk committee informed council that two Main street residents had had new concrete walks placed in front of their properties, and one resident of Trenton avenue has asked for proper grades in order to have a sidewalk laid.

Borough treasurer, Miss Grace H. Hilck, sent in the following report: Balance in general treasury, \$1.

WEATHER DEVICE

SCHENECTADY, N. Y. (INS)—A new instrument known as a cloud meter, which automatically measures the liquid-water content of clouds, has been developed and successfully tested by the General Electric Company. It was announced today. The device in its present stage of development provides a new means for studying certain meteorological phenomena. Flying weather stations, using this device, will be added in determining the severity of icing conditions.

## FORD'S FIRST

**FIRST IN SALES.** More new Fords have been sold in '46 than any other car. Ford again proved it can out-produce all other makers of low-priced cars.

**FIRST IN POWER.** Ford's famous 100 h.p. V-8 engine and spirited 90 h.p. SIX are the most modern power plants in their price class.

**FIRST IN STYLE.** From its massive grille to its roomy trunk, Ford's new sleek-lined beauty puts it "Out Front." And inside, too, there's two-toned beauty.

**FIRST IN SAFETY.** Ford's "Life-guard" body gives you the extra protection of an all-welded heavy steel unit. Brakes are oversized.

**FIRST IN ECONOMY.** Everyone knows that "Ford's Out Front" for low-cost car ownership. But only by seeing the new Ford can you realize how much bigger and better it is than many cars which are far more costly. Order your Ford now.

## TWO great Engines!

Formerly, only higher-priced cars offered you a choice of engines. Now Ford, and Ford alone, gives you a pick of power in the low-priced field—the 100 h.p. Ford V-8 or the 90 h.p. SIX!

There'll be **FEWER DELAYS** for everybody

...if everyone listens for the hum-m-m of the **DIAL TONE**

PLEASE DON'T DIAL until you hear the steady hum-m-m of the dial tone. No dial telephone is ready for use until you hear that hum. If you do dial before you hear it, you waste your time. You get the wrong number or no number at all. You tie up central office equipment. You slow up the service for yourself and your neighbors.

Occasionally there may be a few seconds' delay. But these delays are usually brief... and we assure you they are only temporary. As soon as we can get the materials for needed new equipment, you'll find service better than ever.

We hope you'll understand. Thank you!

2 LOCAL BOYS TO PERFORM WITH THE DEATH DODGERS

Calvacade of Thrills Will Feature Rescue Squad Affair

TO BE HELD OCT. 20TH

Norman Tomlinson and Malcolm MacKenzie To Take Part

Sponsored by the Bucks County Rescue Squad, the Hell-Driving Death Dodgers, a roaring calvacade of thrills with stock automobiles and motorcycles, will appear at the Killians' Country Club (formerly Turner's Country Club), State Road, Eddington, on Sunday, October 20. Rain date is given as the following Sunday, October 27th.

Two local boys will perform with the Death Dodgers. One of these, Norman "Butch" Tomlinson, lives on Buckley street. Since he has been performing with the Hell-Drivers, Tomlinson has been nicknamed "Crash Tomlinson." Tomlinson is scheduled to do some fancy driving and also a roll-over. Tomlinson was born in Andalusia but married a Bristol girl and has been living here for the past 12 years.

The other driver from this section is Malcolm MacKenzie, better known as "Mack." Around the race-tracks in the country he is known as "Young Doc" MacKenzie, brother of "Doc" MacKenzie, who was known throughout the entire United States as one of the outstanding auto racers of his time. "Doc" was killed several years ago in a crash.

Since then, "Young Doc" has done considerable auto-racing, stock-car racing, midjet-auto racing and anything that packs a thrill. "Mack" was raised in Eddington but since he married has resided in Crofton (that is when he isn't with some racing circuit throughout the country). Anyone going to any auto race can look around and see MacKenzie in a race-car or working on them in the pits.

"Mack" is scheduled to jump over a tractor-trailer with a stock car in the show on October 20th.

Tickets for the show will be on sale by the Bucks County Rescue Squad in the next few days.

CHESTER — (INS) — Harold Brown is not a man to allow theft of the wedding ring for his bride-to-be to halt the ceremony. He waited until a bank opened then withdrew some money and bought another wedding band.

IN RETIREMENT - - - By Jack Sords

Bill McKechnie, retired manager of the Cincinnati Reds, is the fifth major league manager to retire since the start of the season, following Joe McCarthy, Bill Dickey, Jimmy Dykes and Luke Sewell.

FT. DIX PATIENTS TO SEE FOOTBALL GAME HERE

Patients from the Tilton General Hospital, Fort Dix, N. J., will be the guest of the St. Ann's A. A. team tomorrow night at the light game on the high school field between the "Saints" and the Morrisville Alumni.

The soldiers will be the guests of the St. Ann's organization before the game and will be served refreshments at the St. Ann's clubhouse. The patients will be taken to the game in an army bus with

arrangements being made by Roman Pico, who is an athletic director at Fort Dix.

Manager Louis Nicolls, of St. Ann's, has also received word that the drum and bugle corps of the Sanford-Diletto Post, Morrisville, will accompany the Alumni football team and provide music between halves.

The Alumni team is coached by John Hoffman, formerly of Morrisville High, and most of the players are former students at Morrisville High.

Tickets for the game will go on sale at 7 o'clock.

BRISTOL JUNIORS DEFEAT TOWNSHIP IN GRID BATTLE

Take Advantage of Every Fumble In First Quarter

FINAL SCORE 6 TO 0

Township Lads Pushed Bristol All Over Field After First Quarter

Taking advantage of a fumble in the first quarter, Bristol Junior High School's football team defeated the Bristol Township eleven, 6-0, yesterday afternoon before a large crowd on the township field, Rogers Road.

Dick Moll made the costly fumble for the township team with two Bristol players recovering on the 10-yard line. Al Daniels, on the first play, netted seven yards around right end. "Tommy" Strong tried the Township line and bounced back without a gain but Lloyd McGlynn skirted end and scored the touchdown. A pass attempt for the extra point was a failure.

Bristol played fine ball in the first quarter but were pushed all over the field by the Township lads after this. On one occasion in the third period, Dick Moll tried to atone for his fumble by making 39 yards on an end run but Bristol held in the clutch and shoved the Township boys back.

The boys of "Kenny" Watson started like a house afire. They received the kick-off and before the game was one minute old both Daniels and McGlynn hit the line for a first down on the 49 and McGlynn followed with another first down on the 15. But a penalty hurt Bristol and a kick followed.

It was here that Moll fumbled on his ten and Bristol scored the touchdown. The Township boys received the kick but could not gain and Bollington punted to Daniels who returned the kick 15 yards to the 49. Daniels attempted an end run but Pitts broke through and tossed him for a four-yard loss.

After another line play failed, Strong kicked to the Township 25 and Evans returned it 5 yards. After a line play failed, Bollington heaved a 29-yard pass to Moll but on the next play, Township lost 19 yards and a punt went to the Bristol 25.

When Daniels took it back 19 yards before being nailed by Dougherty, Strong attempted a pass and it was intercepted by Eisenbrey. On two plays, Moll made a first down and then added 5 more on an off-tackle

slide. A township fumble was recovered by Bristol as the half came to a close.

Moll kicked off to McGlynn who returned it 5 yards to the 35. Three plays failed so Strong kicked to the Township 49. Moll broke loose on an end run for 39 yards, being stopped on the Bristol 39. Wright caught a pass for 15 yards and the Township was threatening. But a penalty set them back five yards and two more plays saw Bristol hold on the fourth down, a trick play failed with Bristol getting the ball on its 25.

Two line plays were made without result so Strong rifled an aerial intended for Thompson but intercepted by Tullback. The Township team threw passes without success and on the fourth down, a fumble was recovered by Constantino.

Bristol kept hitting the Township line as the time rolled on with the boys of "Henny" Morgan failing to get possession of the piskin to continue their aerials.

Score by quarters: Bristol 6 0 0 0-6; Township 0 0 0 0-0. Touchdown: McGlynn. Substitutions for Bristol: DeMarco, Ricci, Rich, Spearling, Lake, Della, Gagnacova, Monte, Gallone. Substitutions for Township: Tullback, Dougherty, Hibbs. Referee: Diamanti. Umpire, Miller; head linesman, Decker; time of periods, 8 min.

Outstanding Lineman

"PAT" FINEGAN

One of the outstanding linemen of the year has been "Pat" Finegan, 254-pound tackle on the Bristol High football team.

After spending several years as a

varsity reserve on the "Bunny" squad, "Pat" returned to school this fall determined to be in the starting lineup. In the first game of the season against Vineland, Bill Foltz was given the nod by Coach McClister as the starting tackle, leaving Finegan on the reserve list once more. During the game Foltz was injured and replaced by Finegan, who promptly showed everyone he could handle his assignment.

In the Trenton Catholic game Finegan was the starting tackle and played practically the entire game giving a brilliant display of defensive ability which was recognized by the press as well as the spectators. By this time "Pat" had proved himself worthy of holding down the regular tackle assignment and has been rewarded for his fine play by starting every game since.

Finegan is the heaviest member of the Bristol squad and has proved to be one of the hardest to move out of a play by opponents. He is surprisingly agile considering his weight and has the knack of out-charging opposing linemen. When "Pat" graduates he will leave a large gap in the line to be filled for next year's season.

MONONGAHELA — (INS) — Police searched for the person who dumped an unsorted load of coal in front of a Monongahela home. "If he'll come around, we'll ask him to remove it—it's blocking the sidewalk," Police Chief William Stewart said.

The Want Ad department is "Black and White" but Read all over.

HARMON PACES JUNIOR VARSITY TO EASY VICTORY

B. H. J. V. Eleven Defeats George School by Score Of 19 to 0

HARMON WAS STAR

Kornstedt Plunges From 3-Yard Line for A Touchdown

GEORGE SCHOOL, Oct. 8.—Paced by Dick Harmon, the Bristol High Junior Varsity eleven scored a 19-0 win over George School's Junior Varsity yesterday afternoon.

Harmon's passing and running of the ball was responsible for two of Bristol's touchdowns. In the first period, Dick ran back a kick 28 yards and following this tossed a pass to Speck on the 15. Speck ran the remaining distance to score.

In the third session, Harmon and Speck made successive first downs on long runs and following a sustained march of 49 yards, Harmon went over for the score.

The other touchdown was made by "Henny" Kornstedt who plunged over from the 3-yard line following a 27-yard pass to DeLong. Hutchinson hit the line for the extra point. Line-ups:
